FINANCIAL REVIEW

Financial position

The result for the year shows a surplus (net income) of £141,631 compared to a deficit of £70,853 in 2018, the main cause of this is a increase in investment values of £116,758.

Income for the year totalled £141,236 (2018: £119,422), this was an increase to the previous year mainly due to one off grants. Donated services and facilities from the Ministry of Defence (MOD) increased in 2019 to £54,785 (2018 £54,497). This donated services figure represents free office accommodation and the provision of employee services to the charity (the related costs are shown within the wages expenditure line on the detailed SOFA).

Total resources expended in the year amounted to £116,363 compared to £126,775 in 2018, an decrease of £10,412. Expenditure on most areas remained relatively constant bar fluctuations in one off event costs and commemorations.

Investment policy and objectives

At the year end the charity held investments, with a market value of £826,585 (2018: £705,430), with JM Finn. At the year end there is a increase in the investment value of £116,758 which is reflected in the statement of financial activities.

The Trustees have the power to invest in such assets as they feel appropriate and meet both the requirements of the charity in the short and long-term and are also risk appropriate to the charity. The Trustees regularly review the performance of its investments in line with the charity's current and future plans.

PARACHUTE REGIMENTAL ASSOCIATION

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2019

FINANCIAL REVIEW

Reserves policy

As at 31 December 2019 the charity's total reserves were £868,393 (2018: £726,762), all of which were unrestricted for the charity to use in meeting its charitable objectives. The Trustees have reviewed their current level of reserves which equate to just over 7.5 times the charity's annual expenditure, this ratio has remained relatively constant over the last few years until 2019, and has been mostly dependent on the fluctuations in investment performance which is the major cause of the increase in reserves.. The Trustees consider their level of reserves to be reasonable having reviewed the economic climate and risks to the charity's income.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust and constitutes an unincorporated charity.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer equipment - Straight line over 3 years

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

The charity is exempt from tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Where there are any restricted or designated funds a further explanation of the nature and purpose of each fund is included in the notes to the financial statements.
